# Building Disaster-Resilient Places

“Resilience is the ability to resist, absorb, recover from, or adapt to an adverse occurrence,” FEMA.

Resiliency in our community relies on our ability to collectively plan and prepare for a disaster or emergency. This brochure provides basic information to help you understand our community’s vulnerabilities and to help you prepare for a disaster.

## WHAT ARE THE BIGGEST RISKS WE FACE AS A COMMUNITY?

List here a brief description based on the hazards and vulnerability assessments you completed in Step Two of ReadyCommunity.

## HOW WILL THE COMMUNITY RESPOND IN THE EVENT OF AN EMERGENCY OR DISASTER?

List here the key actions that will occur in the event of an emergency/disaster. This should include: How people will be informed; What assistance will be provided for people with special needs/mobility limitations; The evacuation routes; Locations of emergency shelters; How do I connect with family in an emergency; etc.
